

GUT HARMONY FOR A HEALTHY MICROBIOME

*»Every organ, every gland and every cell in the body
is influenced by the state of the intestine.«*

– Bernard Jensen

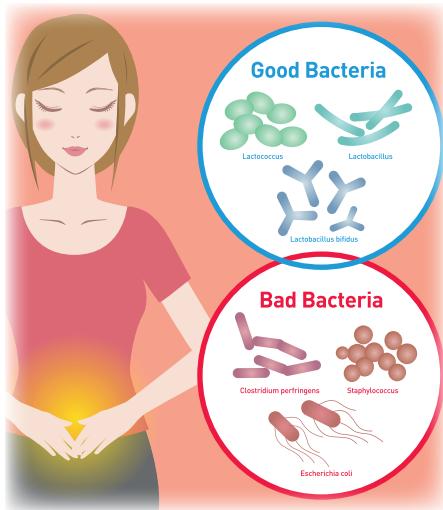

GUT HARMONY

A **HEALTHY MICROBIOME** in your intestine is one of the most important factors for your overall health. It is a pre-requisite for healthy detoxification, healthy and normal immune functions and optimal digestion and absorption of nutrients.

WHY GUT HARMONY

Gut Harmony contains a combination of unique ingredients that are new and **EXCLUSIVELY** available to you in Europe through Platinum Europe.

You can help your body to:

- ✓ maintain a naturally healthy microbiome
- ✓ support healthy digestion and an optimized absorption of nutrients
- ✓ promote a healthy intestinal mucosa
- ✓ provide vital substances needed for a healthy detoxification function

Gut Harmony is the first product ever to be awarded the Golden Seal of the „Detox Project“ under its US brand name „Biome Medic.“It is recognized as a product that can support the body in eliminating glyphosate.

The results of a preclinical study done with „Biome Medic in the United States showed:

- ✓ a reduction of glyphosate by 74%
- ✓ reduction of C-reactive protein by 75%
